ISPE.org/Membership/Students

“As a student, being in an ISPE Chapter has been a wonderful experience, personally as well as professionally. It was great to interact with young professionals and pioneers in the global pharmaceutical industry during ISPE’s 2017 Annual Meeting in San Diego, California – I learned so much.”

— *Himanshu Kathuria*
Student, National University of Singapore

“Since joining ISPE as an undergraduate student almost ten years ago, I have had many opportunities to stay actively involved in ISPE by volunteering with my local chapter and at the international level, allowing me to learn about all aspects of the industry and develop my network around the world.”

— *Jennifer Duffy*
Senior Engineer I
Shire Pharmaceuticals,
Boston, MA

“Being the president - and a member - of the ISPE Turkey Student Affiliate, has provided me the opportunity to learn so much about drug production technologies, good production practices, and other important topics. I have attended many conferences and have developed numerous professional relationships. Being a member of the Student Chapter has helped me significantly.”

— *Pelda Erpolat*
Student Affairs Chair
ISPE Turkey Affiliate
